

May 12, 2015 Fremont Board of Selectmen meeting summary

Approved 05/14/2015

The Fremont Energy Committee (FEC) held its scheduled May meeting in the basement of the Town Hall. Since Cordes, a member of the FEC is also a member of the Board of Selectmen and at least one other Selectman was expected to attend the meeting, a Board of Selectmen meeting was posted.

The meeting began about 7:05 pm and was broadcast live on FCTV. In attendance were Cheryl Rowell (FEC), Gene Cordes (FEC and B of S), Neal Janvrin (B of S) and Don Willet (Granite State Solar). Cindy Crane (FEC) joined the meeting in progress at about 7:10 pm.

Don Willet was there to present information about solar energy systems, focusing on their cost, financing and return on investment. There was discussion about how they can work for municipalities, school districts, businesses and residences. Willet left the meeting upon conclusion of the discussion.

There was some discussion on the progress being made for the Town Hall heating system replacement. Cordes updated those present.

The next meeting of the FEC is scheduled for June 16, 2015.

The meeting ended at 8:05 pm. No Board of Selectmen decisions were made.
